

Year 3 Topics

This year in Year 3 we will be exploring the following topics:

Topics	Term
Villages, Towns and Cities	Autumn 1
Prehistoric Britain	Autumn 2
Mountains, Volcanoes and Earthquakes	Spring 1
Shang Dynasty	Spring 2
Water and Weather	Summer 1
Ancient Greece	Summer 2

Each half term we will send home our Year 3 Knowledge Organisers which will provide you with more details about the next topic we will be learning about. It will also outline a project homework for you and your child to complete together. This will allow them to explore and gain an insight into the work we will be doing in class each half term.
