

Year One Topics 2023

This year in Year One we will be exploring the following topics:

Topics	Term
Once Upon a Time in Hazel Grove We will explore our local area and focus on Fairytale stories with a twist.	Autumn 1
How should we remember Pocahontas? This is a new topic for this year. We are excited to explore it together.	Autumn 2
The Weather all Around Us This is a geography-based topic, where we explore the changes of weather through our seasons. We also investigate weather in different cultures and extreme weather occurrences.	Spring 1
Intrepid Explorers We learn about lots of explorers from the past and present. We compare their expeditions and become explorers too!	Spring 2
Roots, Shoots and Muddy Boots This topic focuses on food, plants and growing. We also explore where our food originates from and how we can use the ingredients we can grow to make delicious food.	Summer 1
The Great Fire of London This is an exciting topic all about the events that took place in 1666. How the great fire made huge improvements to London as we know it now!	Summer 2

Each half term we will send home our Year One Knowledge Organisers which will provide you with more details about the next topic that we will be learning about. It will also outline an optional project homework for you and your child to complete together, if you wish to. This will allow them to explore and gain an insight into the work that we will be doing in class each half term ☺
